

The VC 6 vacuum cleaner boasts comfort and energy efficiency. With EasySlider obstacle avoidance, unique QuickClick system, automatic cord storage and HEPA 12 filter (EN1822:1998).

Equipment:

- Suction hose 2.3 m
- Soft grip handle
- Telescopic suction tube
- Switchable dry floor nozzle
- Integrated QuickClick system: telescopic crevice nozzle, upholstery nozzle, furniture brush
- Electrical suction power control On unit
- Filter bag Fleece
- HEPA 12 filter (EN1822:1998)
- Automatic cable rewind
- Practical parking position
- Crevice nozzle
- Upholstery nozzle
- EasySlider obstacle guide
- Furniture brush
- Filter change indicator
- Soft grip handle
- A

Order no.: 1.195-600.0

Technical data

Energy efficiency class	A
Rated input power (W)	600
Operating radius (m)	10
Filter bag capacity (l)	4
Sound power level (dB(A))	72
Weight without accessories (kg)	6.6
Dimensions (L x W x H) (mm)	383x370x373

Details

Description

Thanks to its energy-efficient motor and optimised floor nozzle, the VC 6 vacuum cleaner boasts low power consumption and high cleaning performance. The EasySlider obstacle avoidance system uses a soft, 360° swivel to ensure the VC 6 glides gracefully around obstacles as it encounters them. This protects both the furniture and the vacuum cleaner itself. The practical QuickClick system allows rapid switching between the floor nozzle and accessories (crevice nozzle, upholstery nozzle, furniture brush) with a simple click either on the handle or telescope vacuum tube. The length of the telescope vacuum tube can be adjusted to suit the operator. The power can also be quickly and easily adjusted as required. Other features include automatic cord storage at the push of a button, and the integrated HEPA 12 high-performance filter (EN1822:1998), which reliably filters out allergy-triggering particles to such an extent that the blower air is even cleaner than the room air.

Application

- Hard surfaces
 - Carpets
 - Textile surfaces
 - Hallways
 - Corners

Features & Benefits

EasySlider obstacle guide

The 360° swivel ensures the vacuum cleaner automatically avoids obstacles on contact.

Furniture and vacuum cleaner stay scratch-free.

Unique QuickClick system

Rapid switching between the floor nozzle and accessories (crevice nozzle, upholstery nozzle, furniture brush).

Automatic cable rewind

The cable automatically winds itself in at the push of a button.

Energy-efficient motor and floor nozzle with optimised airflow

High cleaning performance with low power consumption

Easy performance regulation

The power can be quickly and easily adjusted according to the task at hand.

Telescopic suction tube

Maximum user-friendliness thanks to individually adjustable pipe length

HEPA 12 filter (EN1822:1998)

Special high-performance filter which reliably filters out 99.9% of allergy-triggering particles over 0.3 µm.

Accessories

Filter

HEPA 12 filter*

The HEPA 12 high-performance filter (EN1822:1998) can be relied upon to capture pollen, fungal spores, bacteria and dust mite excrement. It consistently filters 99.9% of all particles over 0.3 µm. *(EN: 1822: 1998)

Order no. 6.414-805.0

Fleece filter bag

Five-ply fleece filter bag, extremely tear-resistant, maintains suction power for longer, high dust retention rate.

Order no. 6.904-329.0

Nozzles

Parquet nozzle

Parquet floor tool with natural hair bristles for gentle cleaning of parquet floors and other hard surfaces.

Order no. 4.130-172.0

Turbo suction nozzle

Air-driven vacuuming nozzle. Ideal for high-pile carpets and picking up animal hairs. For intensive, thorough and hygienic cleaning.

Order no. 4.130-177.0

Mattress nozzle

Special mattress nozzle for hygienic vacuuming of mattresses and recesses in and around beds.

Order no. 6.906-755.0

Turbo upholstery nozzle

Order no. 2.903-001.0
