Energy efficiency class	B

Details

Description

Kärcher's CV 48/2 upright vacuum cleaner is a lightweight, twin-engined machine with 480 mm working width which combines high suction power with a direct motor driven brush. Stubborn dirt particles, threads and hairs are dislodged from the carpet with ease whilst freshening up the carpet pile at the same time. Equipped with a wide, low profile brush head, the 48/2 cleans right up to edges and can operate completely flat for cleaning under furniture and beds.

Features & Benefits

Indicator light

The indicator light shows when the roller brush needs to be adjusted to achieve optimum cleaning results.

Highflex power cord

The yellow Highflex cord is extremely tough, flexible and anti-twist. It can be securely attached to the machine.

Flexible cleaning option

The stretchable suction hose can be removed easily, meaning that blockages can be removed quickly and effortlessly.
